#### BULL'S WORM DESTROYER.

To my United States and World-Wide Readers.

Headers.

I HAVE received many testimonials from professional and medical men, as my almanacs and various publications have shown, all of which are gensine. The following, from a highly educated a popular physician in Georgia, is certainly one of the most sensible communications I have ever received. Dr. Clement knows exactly what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the Doctor says of Built's Worm Destroyer:

worm Destreyer:

Villanow, Walker County, Ga...

June 29, 1866.

Dr. John Bull—Deer Ser: I have recently given your Worm Destroyer several trials, and find it wonderfully efficacious. It has not failed in a single instance to have the wished for effect. I am doing a pretty large country practice, and have daily use for some article of the kind. I am free to confess that I know a no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary, they are uncertain in the extreme. My object in writing you, is to find out upon what terms I can get the medicine directly from you. If I can get it on easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the regular line of M. D's, but I see no just cause or good sense in discarding a remedy which we know to be efficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able to command—not hesitating because some one more incenious than myself may have learned its effects first, and secured the sole right to use that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless nostrums that flood the country, that purport to cure all manner of disease to which human flesh is heir. Please reply soon, and urport to cure all manner of disease to which uman flesh is heir. Please reply soon, and

#### BULL'S SARSAPARILLA.

Good Reason for the Captain's Faith.

Read the Captain's Letter, and the Letter

from his Mother:

Benton Barnacks, Mo., April 30, 1865.

Dr. John Bull—Dear Sir: Knowing the flicacy of your Sarsapariila, and the healing and beneficial qualities it possesses, I send you he following statement of my case:

I was wounded about two years ago—was laken prisoner, and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than in anything else. I asish that that is genalise. Please express me sish that that is genuine. Please express me half a dozen bottles, and oblige. Carr. C. P. JOHNSON.

St. Louis, Mo. P. S -The following was written April 30, 55, by Mrs. Jennie Johnson, mother of Capt.

Dr. John Ball-Dear Sir: My husband, by. C. S. Johnson, was a skillful surgeon and bystefan in Central New York, where he chysician in Central New York, where he ned, leaving the above C. P. Jahnson to my see. At thirteen years of age, he had a bronic diarrhora and scrotula, for which I cave your Sarsaparilla. It cared him. I have for ten years recommended it to many in New York, Ohio, and lowa, for secretula, lever souce, and general debility. Perfect success has atended it. The cures effected in some cases of scrotula and feeer sores were almost miraculous. I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his ariting to von for it. His wounds were terrible, best believe he will recover.
